

Are Catholic Schools as good as others?

The Catholic Schools in our local parish provide an excellent standard of education and pastoral care. Published reports from Education and Training Inspectorate on all of the schools are fulsome in the praise of the high standards of learning and teaching and pupil achievement. Pastoral Care in all our parish schools is excellent and pupils learn in safe

and secure environments. Our schools add value to the life experiences of pupils; moreover, the staff who work there are committed and dedicated to the promotion of academic achievement and to the Catholic ethos. Our schools collaborate with other sectors and share learning experiences through the local Area Learning Community and other initiatives.

What is a school chaplain?

Our local Catholic Schools have a priest chaplain. While this role has been connected with the provision of the sacraments, the chaplain also has a part in the school's general provision for pastoral care, spiritual life, prayer celebrations in the school and the raising of social awareness.

Where can I find out more?

You can find out more by contacting the schools below or accessing their websites:

Catholic Education

in St. Michael's Parish

The information you need

Aren't all schools the same?

While all schools share a lot in common, they are not all the same. Every school has a certain ethos or characteristic spirit that inspires all aspects of the life of the school.

In St Michael's Parish, there are 6 Catholic schools namely Holy Trinity Primary School, Tattygar Primary School, St Fanchea's College, Mount Lourdes Grammar, St Joseph's College and St Michael's College.

What is different about our Catholic Schools?

Our schools have a distinctive ethos. They are places of academic excellence coupled with exemplary pastoral care. The schools are inclusive and respect diversity by promoting a culture of tolerance and pluralism for pupils and staff from a wide range of religious and ethnic backgrounds.

We believe that the life and love of Christ is really important in showing us how to live, that each person is made in the image of God and that we form part of a parish community called the Church. We pray every day in school. We learn about the Bible, the Church, Mass and the Sacraments, and the teachings handed on by the Church community over the ages. We introduce pupils to the Christian values that we hope will inform the way they will live as children, adolescents and mature adults. We add value to children's lives and promote the Common Good.

What do pupils learn?

From the outset, the experience of the pupil in a Catholic school is characterised by respect for self and others. All pupils follow a broad and balanced curriculum which is tailored to each pupil's needs, capacity and aptitude. Every student is valued for their individual contribution. In all of this we want to cherish each person as Christ

would do, and we seek to support parents in their task of nurturing their children towards fulfilment in life and of preparing them to take their place in the world according to the gifts that they have been given.

Who makes up our Catholic School community?

Catholic Schools in our Parish welcome pupils and staff from all backgrounds, creeds, cultures and ethnicity. All who learn and work together in our schools do so in a spirit of co-

operation, mutual respect and trust. The majority of pupils are Catholic, as many Catholic parents want their children to have a faith-based education. However, Catholic Schools are inclusive and have been leaders in integrating pupils from other cultures, religions and ethnic groups into the school learning community.
